

# The Bedford Believer's Club

## Why?

Because we know you believe in Bedford and support enhancing the living conditions in Bedford Community even more.

The Bedford Community Foundation has created the Bedford Believer's Club so we may continue the programs that make Bedford Community the great place it is and continue to make it even greater. Our mission is compressed but realistic: MAKE BEDFORD BETTER.

The paramount purpose is to fund the Bedford Community Development Fund.

## What is the Bedford Community Development Fund?

It is a permanent endowed fund established in 1991 by the BCF where by the revenue would be used for grants to better the living in Bedford Township. Grants may be for arts, culture, medical research or assistance, environment, education or the public general welfare.

We are now asking you to assist us with your financial support to enable the BCF to continue programs here in Bedford Community by joining the Bedford Believer's Club.

Knowing that each person or organization may wish to contribute at a different level, joining the Believer's Club can be selective to your means. Listed below are the club membership levels. We invite you to join in with your friends and neighbors and select your level.
